

Technical Data Sheet G+S Cleaner
Ver. 1.1 March 2021

G+S Cleaner

Professional foam cleaning agent

DESCRIPTION

G+S Cleaner is a water-based active foam cleaning agent, remove dirt without leaving marks. Effectively removes contaminants from surfaces. Excellent for cleaning before application of NPT adhesives and sealants in the automotive glass replacement aftermarket and any other full cleaning process in the industrial works.

AREAS OF APPLICATION

Used to clean and prepare adhesion process on many different non-porous substrates, especially glass and ceramic-coated glass, metals, ceramics, painted surfaces, plastics. Effective as smoothing agent on newly applied sealants surfaces leaving no traces and as lubricant to cut the original adhesive bead. Efficient as dry cleaner for external body parts and internal upholstery and cockpit. It is advisable to read NPT guidelines for the application cycle on car glass. Cleaning agent specifically formulated for the pre-treatment of surfaces to be bonded, prior application of NPT activators, primers and sealants.

ADVANTAGES

- Active formula aggressive on contaminants
- Foaming action allow to identify contaminant areas
- Spray-on/wipe-off foam
- Does not run
- Fast drying and residue-free action
- Efficient as cutout lubricant
- Efficient as smoothing agent for beading, leaving no traces
- Efficient as dry cleaner for external body parts and internal upholstery and cockpit

TECHNICAL DATA

Appearance	Foaming aerosol
Colour	White
Chemical nature	Water based detergent
Odour	Perfume
Application	Sponge, paper or cloth
Application temperature [°C]	from +0 to +40

APPLICATION

Ensure thorough cleaning of the substrate. Apply Cleaner G+S and pass over with mildly abrasive sponge and/or a lint free adsorbent cloth, removing contaminants and excess foam while drying the surface. Shake can before application. Complete the full adhesion process within hours to avoid dust and other material to contaminate again the surfaces. If used to clean sensible surfaces like skin upholstery in car seat, test the product in a non-visible area.

PACKAGING

Pressurized spray can 600 ml. Other sizes on demand.

STORAGE

G+S Cleaner can be stored for 24 months in its original packing at 5° - 25°C. Keep out of the reach of children.
